

# Aventis

Aventis is a premium aluminium batten fence system designed to protect architectural intent on real-world sites. Featuring ProTexture™ powder coat finish, precision aluminium top caps, and fully raking panels, Aventis delivers clean, continuous lines with long-term durability and minimal maintenance.

Engineered for modern residential and architectural applications, Aventis offers the refined batten aesthetic designers love, with the durability, install efficiency, and low lifetime maintenance that set it apart from timber and standard aluminium alternatives.

#### Features:

- ProTexture™ powder coat finish
- Durable aluminium top caps (not plastic)
- Fully raking panels
- Premium batten configurations
- Strong, long-life aluminium construction

#### Ideal for:

- Architectural residential housing
- Playgrounds
- Parks
- Streetscapes
